

AMBER

Amber Volume

Amber Volume is a woodfree high white bulky uncoated paper. The surface is specially suited for all kinds of educational publishing applications such as schoolbooks, academic literature, reference material and factual books. The bulky paper gives the end product a good strength, durability and possibility to decrease the weight. Amber papers are also especially recognised for their good runnability and printability and are available both in sheets and reels.

Amber Volume standard products are available as FSC® – The mark of responsible forestry. www.fsc.org. FSC® C012880 and PEFC™ PEFC/01-31-126 certified.

Technical specifications
