Frame it – Picture Frame Packaging

“Frame it” offers all-round protective packaging for your picture frames and several handy features to help you hang your frames perfectly each time, with minimum effort.

“Frame it” includes a unique detachable template, which enables you to position your new frame with ease. Integrated glue dots let you test-hang your frame template, without marking your wall. No need to grab a measuring tool, “Frame it” features its own ruler. Once positioned correctly, a highlighted centre dot marks exactly where you should place your nail. Detailed instructions are marked on the packaging. Nailed it! Now, go ahead and “Frame it”!
